

# AIRCRAFT KITS

## COZY MARK IV

The Cozy MK IV is a high-performance, four-seat canard aircraft which is comfortable, efficient, and economical to build. It has a range of about 1,000 miles and a top speed of 200 mph. When constructed according to plans and operated within the approval C. G. range, the canard configuration makes it highly resistant to stalls or loss of position control. The MK IV features full dual control and two-axis trim. The composite construction is very strong, resistant to corrosion and fatigue, and offers better protection to the occupants than other types of construction. Aircraft Spruce acquired the Cozy design rights in January 2004 and is now the sole source for Cozy plans and info packs.

- Cozy Mark IV Plans with Newsletters on CD...P/N 01-00178... **\$500.00**
  - Cozy Mark IV Info Pac.....P/N 01-00566... **\$16.95**

Chapter 14 Center section Spar.....	01-00271	<b>\$739.18</b>

	Part #	Price
Chapter 15 Firewall Accessories.....	01-00272	<b>\$301.53</b>
Chapter 16 Control System.....	01-00273	<b>\$533.20</b>
Chapter 17 Pitch-Roll-Trim.....	01-00275	<b>\$96.10</b>
Chapter 18 Canopy.....	01-00277	<b>\$833.35</b>
Chapter 19 Wings & Ailerons.....	01-00280	<b>\$3,025.93</b>
Chapter 20 Winglets & Rudders.....	01-00282	<b>\$202.36</b>
Chapter 21 Strake-Fuel-Baggage.....	01-00283	<b>\$1,338.19</b>
Chapter 22 Electrical.....	01-00285	<b>\$1,545.75</b>
Chapter 23 Engine-Prop Installation.....	01-00286	<b>\$1,670.83</b>
Chapter 24 Covers Fairing.....	01-00291	<b>\$330.75</b>
Chapter 25 Finishing.....	01-00292	<b>\$658.69</b>

## CHRISTAVIA MK-1/MK-2 & MK-4

Aircraft Spruce & Specialty Co. has acquired the design rights to the popular Christavia MK1, Christavia MK2, and Christavia MK4 homebuilt aircraft from the designer, Ron Mason of Elmwood Aviation in Canada. The Christavia was designed in 1982 as a mission field workhorse. Design requirements were short take-off and landing, small engine (low fuel consumption), low stall speed, good cruise speed and rate of climb, large cabin area, low maintenance and high safety factor. The Christavia is easy to fly, and the large cabin makes long flights very comfortable. Over 1000 sets of the plans have been sold for the MK1 (two place tandem), MK2 (two place side-by-side), and Christavia MK4 (four place). Aircraft Spruce has plans available for these aircraft at \$225 per set as well as an information pack for \$10. Complete materials packages for construction of the aircraft are available from Aircraft Spruce.
